SUMMARY

I'm a third-year Software Engineering undergraduate at CINEC Campus with a strong focus on UI/UX design and frontend development. Skilled in user research, wireframing, prototyping, interaction design, and responsive web interfaces. Proficient in HTML, CSS, JavaScript, and React, enabling seamless translation of design concepts into functional applications. Passionate about creating intuitive, visually engaging, and user-centered digital experiences.

EDUCATION

BSc (Hons) in Software Engineering

2023 – Present

CINEC Campus, Sri Lanka

Expected Graduation: 2027

Diploma in Psychology and Counselling

2025-2026

Eurasian Campus, Sri Lanka

G.C.E. Advanced Level - Physical Science Stream | 2021(2022)

Swarnapali Balika Girls' Convent Anuradhapura

PROJECTS

Online Student Services Portal | HCI Course (IT3111)

UI/UX Project– Tools: Figma Prototype

- Designed an Online Student Services Portal as part of an HCI assignment, focusing on usability, intuitive navigation, and responsive interface design.
- Developed low- and high-fidelity wireframes and interactive prototypes in Figma, Performed heuristic evaluation, applying user-centered design and accessibility principles.

BOC Smart App Redesign (UI/UX)

UI/UX Project– Tools: Figma Prototype

- UX Audit: Conducted a heuristic evaluation to resolve usability issues like background clutter and high cognitive load.
- Visual Strategy: Redesigned the UI using a Card-Based layout and BOC Deep Blue palette to enhance scannability and brand trust.
- Accessibility: Optimized the interface for One-Handed navigation and simplified complex data entry forms for a seamless user journey.

Karushan Travels | Driver & Fleet Management System (Ongoing Fullstack project)

UI/UX Project– Tools: Figma Prototype

Next.js, Flutter, Express.js, Firebase

- Designed "Karushan Travels," an AI-powered fleet management system focused on real-time vehicle tracking and fuel prediction, prioritizing a clean, professional interface and streamlined administrative workflows.
- Developed high-fidelity interactive prototypes in Figma, featuring complex data dashboards, driver assignment modules, and map-based tracking interfaces while applying heuristic evaluation and accessibility standards for enterprise-level usability.

Melody Masters | Music E-Commerce Platform

PHP, MySQL

- Developed a robust Full-Stack architecture using PHP and MySQL, implementing a Role-Based Access Control (RBAC) system to securely manage permissions across Admin, Staff, and Customer dashboards.
- Engineered complex backend logic for automated SQL-based rating calculations and conditional shipping rules, ensuring real-time data accuracy while minimizing application-layer processing.
- Implemented a secure digital asset delivery system featuring download limits and automated file-handling logic to manage the distribution of virtual musical resources and digital products.

LEADERSHIP & EXPERIENCE

Public Visibility - Sub Committee Leader | 2026

IEEE CINEC Student Branch

- *Significantly enhanced student engagement for IEEE and campus events by designing high-impact promotional materials-including flyers, posters, and digital assets-and executing targeted social media campaigns.*

Graphic Design Coordinator | 2026

CINEC Student Media Circle

- *Led a multi-disciplinary creative team of 15+ members to deliver comprehensive branding and digital content for 10+ university events, significantly boosting student engagement through strategic outreach.*

Member– TechStrike Club

CINEC Campus

2024 – Present

Member– LEO Club

CINEC Campus

2025 – Present

SKILLS

- **Frontend Technologies:** HTML, CSS, JavaScript, React, Next.js, Responsive Design
- **UI/UX Design:** Wireframing, Prototyping, User-Centered Design, Visual Hierarchy, Usability Principles
- **Programming & Databases:** Java, C Programming, Flutter, Dart, MySQL, Firebase
- **Tools & Platforms:** Figma, Canva, VS Code, Git/GitHub, Photoshop, Affinity
- **Soft Skills:** Communication, Team Collaboration, Problem-Solving, Time Management, Leadership

CERTIFICATIONS & ACHIEVEMENTS

- Python for beginners | University of Moratuwa
- Front-end web development | University of Moratuwa
- Web design for beginners | University of Moratuwa
- React course | DP Education IT Campus

LANGUAGES

English - Professional working proficiency

Sinhala - Native proficiency
